Purpose of Inspection:

Dale Rodgers requested the Division to come inspect his property and verify the location of his mine versus what we showed on our GPS'ed mine map.

Inspection Summary:

I met Dale Rodgers on site and GPS'ed the location of corner marker and discussed his plan for expansion of the mine.

Conclusions and Recommendations:

It appears after downloading the GPS data our map was correct. A copy of the corrected map was given to Dale Rodgers by Dan Smith.

Inspector's Signature Tom Munson

Date: 5/12/07

Directions to Site:

Travel west on the Intermountain Power Plant road about 20 miles and turn south until you reach the Drum Mountains and then turn East.
